

AHA Residents: Your attendance at one of these meetings counts towards one of the four mandatory meetings you are required to attend each year.

NEIGHBORHOOD MEETINGS

City of Anniston officials and Anniston Housing Authority will host a series of neighborhood meetings in October 2018, starting at 5:00 p.m. Brief presentations on the following topics:

- Community policing and crime
- Education
- Affordable Housing
- Social services

A question and answer session will follow the final presentation at each meeting.

The meetings were planned in response to the success of similar, smaller meetings in the City during which individual topics were covered. City Manager Jay Johnson said the neighborhood meetings will be as much about presenting updates to community members as it will be to listen to their concerns and priorities.

The community-wide meeting is Monday, October 29, 2018. Officials will present those concerns to the audience. Each meeting begins at 5:00 p.m. and concludes at 6:30 p.m. For more information, contact the Office of the Mayor at 256-236-3422.
